### LUTHER CREST 2022

As 2022 progressed, so did the rise in the number of retreats and events at Luther Crest. By the start of summer 2022, there was at least one retreat group enjoying camp each weekend. By mid-summer looking toward fall, multiple groups were booking every weekend.

Luther Crest also has retreats and other events like banquets, challenge course groups, pickleball games and conferences meeting during the week which takes the strain off the weekend days.

The Luther Crest staff is doing a fantastic job rationing their time between multiple groups with creativity, flexibility, and extreme hospitality! The feedback received from group leaders and families continues to be the strong sense of welcome they receive stepping on to Luther Crest grounds and how they feel extremely cared for throughout their stay.
