WHAT YOU NEED TO KNOW

The fall program, Living Out Love, is designed to begin on Sunday, Sept 27 and last for 10 weeks, until Advent. A new curriculum will be introduced for the spring.

The program is designed for two age groups:

Family Sunday School: 3rd Grade and Younger (designed for children to do with an adult from their household)

Youth Sunday School: 4th - 6th Graders

Churches can join weekly Sunday School Zoom calls with other churches at 4 pm Eastern / 3 pm Central OR use the curriculum during their own set Sunday School times

Each congregation is invited to have at least one faith formation leader as a point person for this program.

Each faith formation leader will be asked to participate in a training ahead of time that will include an overview of the curriculum, ideas for small group engagement online, and other important information about the BTF Initiative.

If your congregation is interested in additional programming (for other age groups or in different formats), we are happy to talk to you about what that could look like!

FREQUENTLY

ASKED

QUESTIONS

What is the cost for the congregation?

The BTF Initiative cost is based on a conversation between the Executive Director of your outdoor ministry site and the congregational leadership. There is a flexible payment scale, making it accessible to all congregations and individuals and customizable based on your needs.

What are options for engagement with the BTF Initiative?

- Participate in local congregational sessions
- Participate in a global congregational session with other churches
- Participate in on-demand congregational sessions with faith formation at home items

What is the format of the weekly local/global session?

The gathering begins with an opening all together before breaking into smaller discussion groups for activities and a deeper dive into the text. Each week's activities will be different, focused on the theme. For the fall, the theme is Living Out Love. The end of the 50 minute gathering will close back together.

What is the format of the on-demand curriculum?

The on-demand curriculum includes a 10-12 minute opening session, with a follow-up faith at home newsletter and discussion topics.

Who handles registration?

Your church's Local Faith Formation Coordinator will work with the BTF staff to invite families to participate and register using the BTF registration form.

*Frequently Asked
Questions Continued...*

Does my church need to provide Sunday School teachers?

Each congregation must have at least one faith formation leader present for the local/global sessions. These leaders will participate in a training and will facilitate the small group discussions and activities.

Our church is interested. What do we do next?

Church leadership members can reach out to Cross Roads Executive Director Anthony Briggs (anthony@crossroadsretreat.com) or Luther Crest Executive Director Dave Holtz (execdir@luthercrest.org) to discuss details and payment. We look forward to working with you!
